Patrick Warren, N. Lenox Farmer, Contractor Dies

Patrick Warren, 76, of New Lenox, farmer and contractor, died Sunday, Feb. 4, at Miami Fla., where he was spending the winter.

A native of County Kings, Ireland, Mr. Warren came to the United States when he was 16 years old. He became employed in the building business and in time became a contractor.

He was engaged in construction work in the Chicago area for 40 years before coming to New Lenox to make his home in 1952. Mr. Warren had acquired land in the New Lenox area in the 1940's and bought more when he decided to move there.

He spent the greater portion of his time farming after coming to New Lenox although he still engaged in building.

Among the larger buildings erected by Mr. Warren were the Manteno state hospital, the Illinois Research hospital at Chicago and the Ford-Mercury plant at St. Louis. When the arsenal was built at Joliet and the city was faced with an influx of war workers Mr. Warren built the Marquette housing development on the west side of Joliet and also participated in other housing jobs in the area.

He was a great benefactor of St. Jude's parish at New Lenox. The church and school are built on land that he gave the parish and he also contributed to the building fund.

The body was brought to the Baskerville chapel, at Lincoln highway and Roberts road, New Lenox, from where services are to be held this morning (Thursday) at 9 o'clock to St. Jude's church at 9:30. Interment will be in All Saints cemetery, Des Plaines.

The only immediate survivor is a son, John, of New Lenox, and eight grandchildren also survive.

Mokena PTA To Hold Square Dance

Mark Feb. 24 down on your special calendar because that is the date for Mother and Dad's night out for fun. The Mokena PTA is sponsoring a square dance featuring Fred Field of New Lenox as caller. The dance will be held in the Carpenter Street school gym from 8 until 11 p.m. Free coffee and cookies will be served. A donation of one dollar per person will be collected at the door.

Fly Parents To Bedside Of Injured Exchange Student

Marijka (Maria) van den Nouwland, 18, of Belgium, attending Lincoln-Way high school under the foreign student exchange program, is in Silver Cross hospital, Joliet, as a result of a train and automobile collision last Saturday morning.

Imprisoned in the auto as it was dragged along the track between two freight cars, she suffered injuries to her right leg that resulted in the loss of her foot and a compound fracture of the thigh.

This happened to a girl who was an enthusiastic participant in various forms of athletics but she is not bitter. She is happy to be alive, happy that her parents are coming.

When this paper is on the street Marijka will have been united with her father and mother, Mr. and Mrs. Pierre van den Nouwland, if arrangements made Monday are carried out.

Thru the generosity of hundreds of people, who touched by the girl's plight and knowledge that she was separated from her family by thousands of miles, sent in a flood of contributions that the parents could be flown to her bedside.

Arrangements were made thru TWA and the Nouwlands were to have boarded a plane Tuesday at Brussels that would land them in Chicago that night or early yesterday morning. At Chicago they were to have been met by Mr. and Mrs. Eugene Bailey, of Manhattan, in whose home Marijka was living during her year at Lincoln-Way, and brought to the hospital for a reunion with their daughter.

The Nouwlands were touched and grateful for the regard given their daughter and the spontaneous response to the appeal by school authorities for aid in bringing them here.

Before the bank closed Monday afternoon Lloyd Berlin, New Lenox merchant and a member of the local foreign student exchange plan committee who is serving as treasurer for the

Maria van den Nouwland Fund had deposited \$1,590. And Tuesday's mail brought in more money.

The money came from far and near, in checks, in bills of various denominations, in nickels, dimes and even pennies as small fry came in with their donations "so the girl who lost her foot could see her mommy."

There will be more than enough to pay the plane fare here and back for the parents but there will be places for it. Undoubtedly there will be expenses which insurance will not cover so any money on hand will be put to good use, according to the committee.

"This has been a most heartwarming experience," Mr. Berlin said, "to learn at first hand how many kind, considerate and generous persons there are. I have received many long distance calls from people saying they were sending checks but the reason they

called was to inquire about Marijka, if she was going to be all right. One woman, an amputee, who lives in Wilmette, called to say that one could overcome such a handicap and that later when Marijka could see people she would come down to tell her that she would be all right and show her what could be done. I know that some people have given who have little means but they gave and found pleasure in it. That is the thing that has impressed me—the spirit of kindness that has accompanied these contributions."

Supt. A. Hunter Chapman, head of Lincoln-Way, said that on Monday he received telephone calls from the administrators of numerous high schools, saying they wanted to help and that donations would be coming.

Marijka is of a sunny, cheerful disposition and was a favorite with the students at Lincoln-Way. She was an excel-

lent student and was interested in all school activities.

She was going to attend a speech competition at Reavis last Saturday and it was while enroute to the school that the accident occurred. The students who were to compete in the contest at Reavis and those who planned to accompany them were to be at the school around 7 o'clock Saturday morning.

James Lakin, 18, a senior and a member of the speech team, had gone to Manhattan to get Marijka. It was a treacherous morning. The fog was thicker than the ice on the roads and that was very thick in places.

Lakin was traveling north on S. Cedar road and at the E. J. & E. crossing in New Lenox the fog was so thick that he did not see the flasher light signaling the presence of a train until too late. He applied his brakes and attempted to turn to one side but

the car continued to slide forward like it was on runners.

Caught between two of the freight cars the automobile was dragged along. Lakin was thrown clear but Marijka was caught in the wreckage and it took considerable effort to free her. She was rushed to Silver Cross in the Baskerville ambulance and after emergency treatment was taken into surgery. Dr. Howard Sather, of Joliet, a bone specialist, was called in and it was found that the leg could be saved above the ankle.

Marijka is cheerful but fatigued, and visitors, other than her parents, hospital and medical personnel and her clergyman are banned until she is much stronger. She will be hospitalized several months.

Special prayers were offered in all of the churches in the Lincoln-Way district last Sunday and in some collections were taken for the Maria van den Nouwland Fund.

L-W Voters Ballot On Bond Issue For Addition Feb. 24

Two weeks from Saturday— that will be Feb. 24 — the voters of Lincoln-Way high school district will ballot on a proposed \$750,000 bond issue. This would provide the money necessary to build a new addition to the school.

There will be two public meetings at the school this Sunday afternoon (Feb. 11) for residents of Frankfort township and similar meetings will be held Feb. 18 for Manhattan area citizens. They are scheduled for 3 and 4:30 o'clock. Such meetings were held for New Lenox voters last Sunday. Needs and costs of the proposed school expansion are discussed in detail.

A mimeographed report of conditions and school needs have been sent out to district residents, asking their support. School administrators say that by the fall of 1963 lack of space will be a serious problem.

Those in charge estimate the proposed addition now planned will serve until the enrollment reaches 1,600 which is expected by the school year 1967-68. Present enrollment is 865 and it is expected this will grow to 1,000 by next September, and 1,110 by the beginning of the 1963-64 school year.

If, however, there should be

a building boom in the area the growth could come far faster than anticipated. It was pointed out. It was also explained that the figures used to show the growth in enrollments include only those pupils now in the grade schools of the district and do not include new ones who may be expected to move into the district.

There have been previous additions made to the school and for those who wonder why the board didn't float a bond issue of a million dollars or so and do the job all at once instead of piecemeal the answer is simple, a board spokesman pointed out — the district didn't have the bonding power. It has had to float issues as its valuations increased and old issues were paid off. A school district, like a city, can have bonds outstanding up to five per cent of its equalized assessed valuation.

When the limit is reached no bonds may be issued until the bonds outstanding are reduced, the assessed valuation goes up, or both. Lincoln-Way can now float a \$750,000 issue.

Krusemark Outlines Aims To DuPage Women Voters

An eight-point declaration of principles on which he will wage a vigorous campaign was spelled out Monday by Albert H. Krusemark, Joliet attorney and Republican candidate for state senator in the 41st Senatorial District.

1. He is against a state income tax.

2. He is for a thorough and complete study of our revenue system in Illinois looking to possible revision of the State Constitution in relation to the Revenue Article.

3. He is against branch banking.

4. He is for keeping and maintaining local government in the hands of local people as the greatest guarantee for the preservation of the American democratic heritage.

5. He is for strict economy and a sound fiscal policy for the State of Illinois.

6. He is against the waste and graft now evidenced in the Democratic administration. The waste of state welfare funds in the Cook County area bossed by Mayor Daley is a scandal that cannot be tolerated.

7. He is in favor of equalizing the tax structure to lift the oppressive burden on the real estate property owner, whose taxes are out of proportion to other sources of tax revenue in the state. He believes a thorough and complete study must be made of this situation so as not to penalize the property owner.

8. He will work ceaselessly to maintain high educational standards and opportunities for our children.

Mr. Krusemark, who described himself as a "conservative Republican with a business and legal background,"

enunciated his platform policy in an appearance at a tea sponsored by the Glen Ellyn Republican Women's Club at Glen Ellyn.

He told his women listeners that he was considerably encouraged in his decision to seek the important legislative office by the unqualified endorsement of State Sen. Lottie Holman O'Neill of Downers Grove, who is now retiring.

Mr. Krusemark also voiced his personal gratification at the warm reception he had received in his many appearances before DuPage County voters' groups thus far.

Arrest Mokena Youth On Peace Walk Picket

A former Mokena resident, Gerald Lehmann, was listed among the nine Walkers for Peace arrested at Washington Tuesday for alleged violation of a regulation which bans picketing within 500 feet of an embassy or the person of a diplomat.

In this instance the violation concerned the person of a diplomat, Congo Premier Cyrille Adoula who had been visiting President Kennedy at the White House. The Walkers for Peace were picketing the restriction is not always enforced, it was said, but today all nine members of the picketing force that allegedly got too close to the Congolese premier were scooped up by police.

Lehmann, a recent college graduate, was one of the Walkers for Peace who crossed the United States and Europe on foot and finally arrived in Moscow.

Name Team Pairings For State Cage Tournaments

Pairings for the Illinois High School Association State basketball tournaments were announced Tuesday. A total of 737 teams will compete for a shot at the state title.

In the Chicago Heights Regional at Bloom Township High School Lockport is in the lower bracket and will play the fourth game, probably on March 6 with the winner of the Peotone District.

Entered at Peotone for competition Feb. 26 thru March 2 are Lincoln-Way of New Lenox, who will play the winner of the Grant Park vs Beecher game, Peotone and Rich Central of Park Forest, who will play the second game and Crete-Monee and Manteno who will play the third game.

The first game of the Bloom Regional will match Joliet Township and Marian of Chicago Heights. Bloom will play Joliet Catholic in the second game.

In the lower bracket Rich East of Park Forest will play Homewood — Flossmoor in the third game. Upper bracket winners and lower bracket winners will probably meet March 6 and these winners will play for the Regional title March 9.

In the Blue Island Regional Tourney Carl Sandburg will meet St. Francis de Sales of Chicago in the first game, Thornridge of Dolton meets Thornton Fractional South of Lansing in the second tilt of the upper bracket.

Thornton of Harvey meets Thornton Fractional North of Calumet City in the third game and Blue Island and Bremen of Midlothian play the fourth game

of the regional.

Lemont High School has drawn Geneva for their opponent in the Batavia District and will play the third game. Batavia will meet Lisle Community in the opener and Oswego will play Plainfield in the second game. Yorkville and Mooseheart meet in the fourth game of the tourney. The winner of the Batavia District will meet West Chicago in the Aurora West Regional.

Pairings in this regional include Naperville vs St. Francis of Wheaton, St. Charles vs West Aurora and East Aurora vs Marmion Military.

Dates for the district tournaments are Feb. 26 to March 2; for the Regionals, March 5 - 9; for the sectionals, March 14-16; for the state super-sectional, March 20, and for the finals, March 23 and 24.

Good Citizen Award Goes To N. Lenox Girl

Miss Vivian Steinbrenner, daughter of Mr. and Mrs. Walter Steinbrenner, 1347 North Cedar Road, New Lenox, has been elected to receive the D. A. R. (Daughters of the American Revolution) Good Citizen Award.

Miss Steinbrenner is a senior at the Illinois Braille and Sight Saving School at Jacksonville. The contest was under the auspices of the Rev. James Caldwell Chapter, D.A.R., Jacksonville.

Woman Runs School Stop; Fined \$100

A Mokena housewife, Mrs. Lajoy Booble, 32, of Brightwood drive, was fined \$100 and costs by Police Magistrate James Surovick last Thursday night when she appeared in police court on a traffic charge.

Mrs. Booble was charged with driving too fast for conditions in a school area and ignored the signal to halt given by the policeman on duty as a crossing guard.

Magistrate Surovick suspended \$50 of the fine and placed Mrs. Booble on probation for 60 days. She paid \$50 and \$5 costs.

Also fined by Surovick was Robert Heinecke, 16, of Rt. 1, Mokena. He was assessed \$10 fine and \$5 costs for running a stop sign.

Organize Garden Club

Despite the ice and snow, spring cannot be far behind—it was announced that a garden club is in the process of being organized in Mokena.

The first meeting was scheduled to be held Tuesday, Feb. 6, at the home of Mrs. Walter

Pooler, East Brightwood Drive.

Officers of the new organization are Mrs. Donald Scofield, president; Mrs. R.G. Holleman, 1st vice president; Mrs. George Mahalek, 2nd vice president; and Mrs. Walter Pooler, secretary-treasurer.

Unit is a Reserve organization called up on Oct. 1 as part of the mobilization for the Berlin Crisis. It consists of officers and enlisted men from Chicago and surrounding communities. Colonel Bills' wife, Jane and sons Robert, Charles and David reside at 95 East Parker Road, Mokena.

Will Co. Soil District To Hold Annual Meeting

The annual meeting of the Will County Soil Conservation district will be held Monday, Feb. 19, 1962 at the fair grounds at Peotone, according to an announcement made by Loren L. Sass, president of the district. A roast beef dinner will be served at 6:30 p.m. in the county atrium building, preceding the business meeting.

The Peotone Rotary club is sponsoring this year's annual meeting and Rotarians and their wives will attend. It will serve them as a regular meeting of the club.

George D. Gettinger, of Mt. Carmel, Ill., executive vice-president of the Wabash River Valley Association, has been engaged as the main speaker. Mr. Gettinger is directing the activities of the association which was organized to assist in flood prevention in the Wabash Valley and to aid in the economic development of the communities in that watershed.

He was raised on a farm in southwest Indiana and presently operates a 750 acre farm in that area. He has had business

experience in such fields as a farm machinery distributor and operator of grain storage elevators.

Reports of the Soil Conservation District activities for 1961 will be given its officers. During the business meeting directors will be elected for a two-year term.

Mr. Sass, as district president, expresses appreciation to the Rotarians for their cooperation in the annual meeting this year.

"This is the first time a civic club has sponsored the meeting and we feel it will add much to the affair," Sass said.

Entertainment will be provided by Lynne and Stephen Staffenberg of Manhattan. They were on the program of the annual meeting last year and are returning by popular request.

Tickets for the dinner may be obtained from the directors and neighborhood leaders throughout the county or may be purchased from members of the Peotone Rotary club. Deadline for purchasing of tickets has been set for Feb. 14.

L W Band Boosters Open Annual Decal Sale Drive

The Lincoln-Way high school Band Boosters are winding up now for their annual decal sales campaign.

As a matter of fact the campaign got underway last Sunday, Feb. 4, when the first of the decals were put in the mail. The drive runs thru Feb. 11th.

The decal itself is red and black and the number it bears is recorded with the name of the owner so that it could serve as an identification mark.

The Boosters have a mailing list, of course, but those in charge of the sale fear they may have missed someone. Persons who do not get decals thru the mail are asked to get in touch with any of the following:

At New Lenox, Mr. and Mrs. E.C. Montgomery, Mr. and Mrs. Peter Kokal and Mr. and Mrs.

Darwin L. Mangun, Mokena: Mr. and Mrs. Willis Guth, Mr. and Mrs. R. B. Howell, Mr. and Mrs. T. R. Hull; Frankfort, Mr. and Mrs. Harold Smith; Manhattan, Mr. and Mrs. Ralph Godwin, Mr. and Mrs. Conrad Mark.

Final plans for the campaign were developed at the last meeting of the Boosters on Jan. 31, at the school.

The high school solo and ensemble contests are to be held at Plainfield, Feb. 24, it was announced by Robert Taylor, the band director, and March 4 has been set aside as the date for the band's annual spring concert. It will be presented in the school auditorium.

Plans for the summer band camp were discussed briefly. It will be held at Cedar River, Mich. in August.

New Library Seeks Books; Boy Scouts To Assist

The Boy Scouts of newly formed troop 270 will do a public service when they call on residents of Frankfort on Saturday, Feb. 10. They will be collecting books for the Frankfort Public Library which will open in early spring.

The Women's Club of Frankfort, who has assumed financial responsibility for the library, are urging residents to donate books that are in good condition and suitable for public reading. Any book or books that are in the attic or basement or not being used will be gratefully accepted by the scouts and the Women's Club. With a little effort everyone

can have at least one book ready when the boy calls on Saturday. If that is not convenient or for further information call any of these numbers: Frankfort 5525, 5435 or 4361.

Books also may be left in collection boxes that have been placed in the Frankfort State Bank and at Dean's Pharmacy.

In order to provide variety for the library users, a great many books are needed.

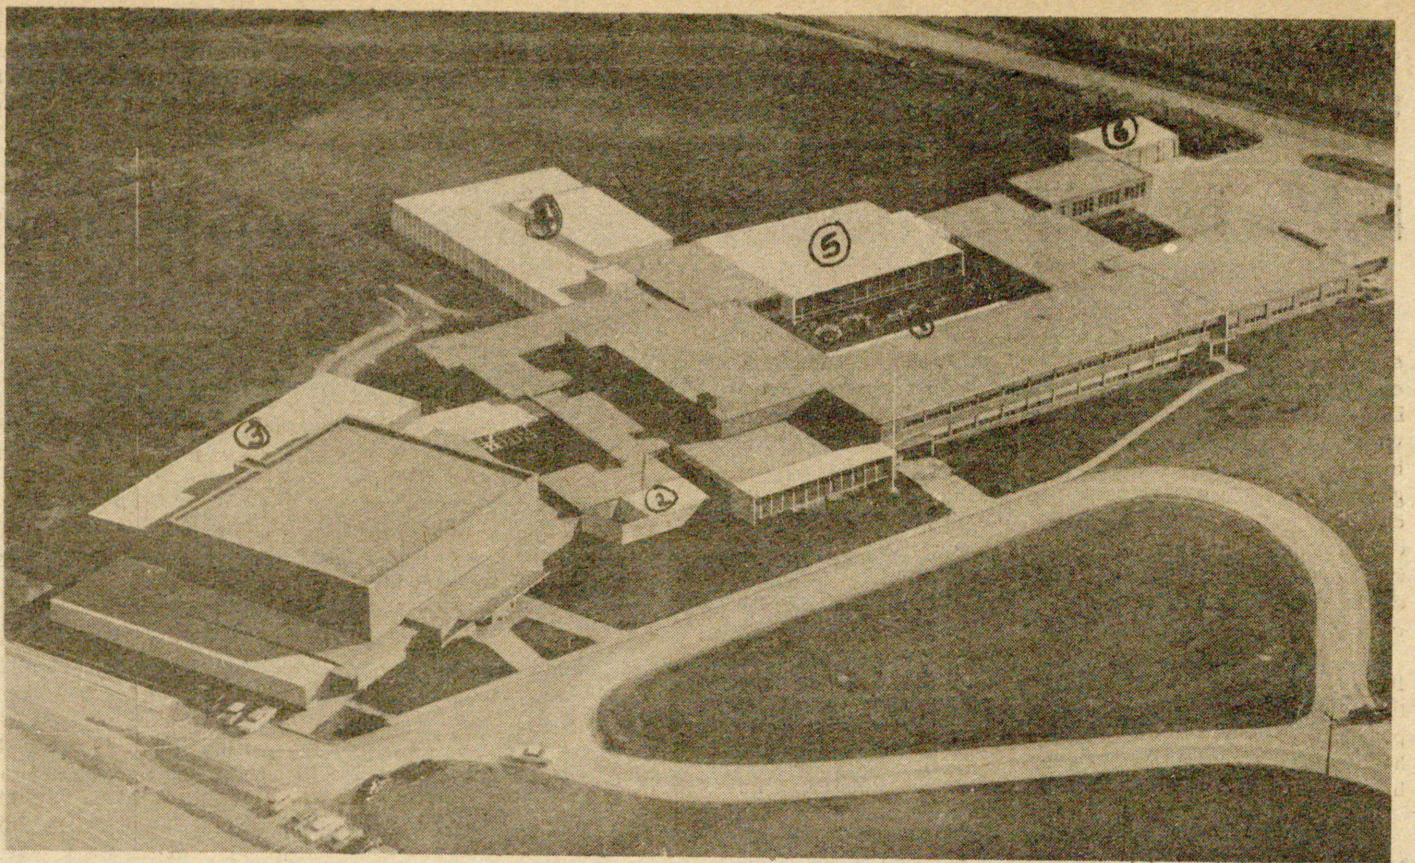

The library will be located in the Zechlin building at 9 Nebraska street.

Death Claims W.J. Carlson

Funeral services were held Sunday afternoon at the Frankfort Methodist church for Walter J. Carlson, 61, of 255 Oregon street, Frankfort, who died Friday, Feb. 2, at his home, following a brief illness.

He was born in Manhattan township but lived most of his life in Frankfort. He was married in 1927 to Ethel Schell-hase of Blue Island, who survives him.

Mr. Carlson was an accountant and worked as such for the

PROPOSED ADDITIONS to Lincoln-Way high school. The numbered spaces are buildings that will be erected if the \$750,000 bond issue is approved. 1.-Office, guidance, nursing expansion; 2.-kitchen and toilet room expansion; 3.-

physical education department; 4.-science and business education departments and classrooms; 5.-library, mathematics department, classrooms; 6.-bus repair shop which would free space now taken out of the shops area.

Frankfort To Crack Down On Past Due Water Bills

The village board at Frankfort at its meeting Monday night signified it was thru fooling around with collecting delinquent water bills.

Beginning today people who do not pay their water bills in the prescribed time will find themselves without a water supply.

When a waterbill is sent to a customer he has a maximum limit of 45 days in which to make payment. In the past it has been customary to give them another notice after the expiration of the time limit but no more.

At the meeting Monday the board instructed City Clerk Walter Pfaff to send no additional notices but to proceed immediately after the 45 day period to have the water shut off. This means, it was explained, that on the 46th day action will be taken against the consumer.

The board also decided against any further "time payments" on water bills. Some of those in areas have been paying something on account

from time to time but as Pfaff explained, few of them ever gained on the total due. From now on water bills must be settled in full when they are due or there will be no water.

There are approximately a dozen on the books now that owe sizable amounts for water. It was revealed at the board meeting Monday, and of these there are nine who are listed as chronic delinquents.

At Monday's meeting Robert Porter tendered his resignation as civil defense director of Frankfort. Porter is now connected with the sale of certain equipment utilized in the civil defense program and deeming it unethical to engage in such business while an officer of civil defense he has resigned.

Norman Foster, Linden avenue, has been appointed to the village police force to work on a part-time basis.

SHARON LEE, daughter of Mr. and Mrs. Carl W. Fosnaugh of 126 Woodlawn, New Lenox celebrated a birthday last Thursday, Feb. 1 -- her third.

Theodore Oestreich Dies; Last Rites Held Monday

Funeral services for Theodore (Pete) Oestreich, 87, brother of Mrs. William Semmler, former newspaper publisher, and Mrs. Hugh Deadmore, both of Mokena, were conducted Monday afternoon from the Blood and Grant chapel at Joliet, with the Rev. Paul Higgins officiating. Interment was in Elmhurst cemetery, Joliet.

Also surviving is a son, Robert, of Joliet; another sister, Mrs. Emelia Campbell, of Seattle, three grandchildren and two great-grandchildren, and several nieces and nephews. Mr. Oestreich died last Friday night at Silver Cross hospital following a sudden illness. He had been in ill health for several months but his condition did not become acute until last week.

He was born at Naperville and as a boy he worked about the shop of an uncle who made wagons and buggies. Later when he went to Joliet, he opened a shop of his own where he manufactured buggies. Before that he had worked as a lather and was the last of the charter members of the Lathers union of Joliet.

Pete Oestreich had an inventive turn of mind and a flair for mechanics and he became a skilled locksmith. When the automobile spelled the doom of horsedrawn vehicles Mr. Oestreich could have gone into the construction business but chose instead to specialize in the automobile repair field, installing

THEODORE OESTREICH

tops and glass, making keys and locks, and in this last department branched out to include all locks, including safes. In 1929 his son, Robert, joined him in the business, and will continue to carry it on. Mr. Oestreich continued to be active in the business until about two years ago when he retired.

His wife, the former Anna Mainwood, a life resident of Will county, died in 1950. Mr. Oestreich was a charter member of the Joliet Lions club and several years ago was given a 50-year pin by Matteson lodge, No. 175, A.F. & A.M. He also was a member of Joliet chapter, No. 27, Royal Arch Masons.

Troop 270 Gets Charter, Gives Awards

A Court of Honor for Boy Scout troop 270 was held last night (Wednesday) in the grade school gym.

Tenderfoot badges were presented to 12 boys; two boys were awarded their Second Class badges by Jerry Long, district executive of the Rainbow Council of the Boy Scouts of America.

Grant Geuther, president of the Frankfort Lions club who sponsors the troop, was on hand to accept the troop charter from Mr. Long.

Gerald Francis is the Scoutmaster of the new troop and Howard Peterson is his assistant. Jim Maloney is the chairman of the troop committee, Feb. 7 to 13 is Boy Scout

Week and troop 270 plans on doing their part on Saturday when, as their first civic project, they assist in the book collection drive by the Frankfort Public Library.

The boys who received their Second Class awards were James O'Connor and Wayne Rouson.

Recipients of the first award on scoutings upward trail, the Tenderfoot badge, were: Bobby Blackwell, Randy Putnam, Wayne Frances, Randy Davis, Bobby Carroll, Donnie Carlson, Dale Morrison, Artie Schilling, Lyle Koenig, Lee DeYoung, Jimmy Vaughn and Kieth Fordanski.

SHOW FILMS
Two films will be shown at the next meeting of the Regular Democratic organization to be held at 8 p.m. Wednesday, Feb. 14, in the American Legion hall, 143rd and 94th ave., Orland Park.

The public is invited to attend and see the films, "Why We Respect the Law" and "Sunrise on a Dirty Face", starring Jack Kelley.

College Costs Are Rising! Are Your Savings Keeping Pace?

RIGHT NOW it costs about \$6,000 to give a youngster a four-year college education. In many universities and colleges, it would cost even more. By 1970 this figure could possibly reach \$8,000.

If you have been setting aside money to build a college education fund, now may be the time to re-view the situation and be doubly sure of the amount you will need. If you haven't started, you should certainly begin now.

At Archer Hoyne, our savings specialists have the figures on the actual costs of tuition and living expenses at most universities and colleges. They can show you how much you will need to save each week or month to finance an education at the school of your choice. And, our savings experts can show you how our generous semi-annual earnings cut down saving time . . . or increase total dollars in the account. Come in today!

Woman's Club Invites Public To Book Review

By EILEEN HOOLEHAN
Mokena 5153
"A Pleasant Evening" sponsored by the Mokena Woman's club will feature Sara Snare Davies, of Peoria, who will review "Chairman of the Board" by Edward Streeter. The program will be presented at Lincoln-Way High School, on Tuesday, Feb. 20, at 8 p.m. Refreshments will be served. Proceeds will be used for the club's civic projects.

Mrs. Davies, formerly of Joliet, has become well-known in the Joliet area because of her popular book reviews. Before her marriage she taught here in the Mokena public school.

Mrs. Fred Steinhagen of S. Mokena Street is under observation at Presbyterian - St. Luke's Hospital, Chicago. She was taken there by ambulance on Wednesday, January 31st. Her room number is 344.

The V.F.W. Auxiliary met Thursday, February 1st, in the V.F.W. Hall. The main topic of discussion at the meeting was the election of officers which will take place at the March meeting.

Two flags were purchased recently by the V.F.W. Auxiliary for presentation to the Girl Scout Troop of Frankfort and to Brownie Troop #304 of Mokena.

The organization also made their annual donations to the Heart Fund, the Cancer Drive and the March of Dimes at this meeting.

A special prize will be awarded to some lucky lady who attends the V.F.W. card party, Saturday Feb. 10th at the V.F.W. Hall.

Civic Body Petitions For 7 Member School Board

By MRS. EDWARD HOVI
Mokena 5740
The Arbury Hills Civic Association has submitted a petition, signed by at least 50 qualified voters in the Summit Hill School District 161, to Mr. Verne E. Crackel, superintendent of Schools for Will county.

The petition is to request a census be taken in the Summit Hill School District 161 to ascertain whether there are one thousand residents in the area, so that there can be a seven man school board established; instead of the three man school board which is at present in operation.

Don't forget the Summit Hill Parent Teacher Group Meeting to be held tonight (Thursday), Feb. 8 at 8:00 p.m. at the school.

The Bingo Club held its monthly meeting for February at the home of Mrs. John Smith of 9520 West Rosewood Lane.

There were fourteen of the ladies present for the evening's entertainment, with Mrs. Vernon Crowder winning the hostess's prize for the evening.

The meeting for the month of March will be held at the home of Mrs. Loyd Sprinkle of 1903 South Oak Street on March 1.

Mr. and Mrs. Charles Fink had their baby, Shari Ann, baptized at the Faith Lutheran Church in Joliet on Sunday, Feb. 4.

Mr. and Mrs. Leroy Harris

of 9521 West Rosewood Lane, Mary and Lee, as their friends know them, acted as godparents for little Shari Ann.

After the ceremony the Charles Finks had a celebration, including dinner, at their home at 9527 West Rosewood Lane.

There were about fourteen invited guests including Shari Ann's maternal grandparents, Mr. and Mrs. David Uditsky, and their daughter, Linda, who spent the weekend with the Finks.

Miss Kathy Burdett of 9442 West Hickory Street celebrated her third birthday on Feb. 2 with a small children's party. Included in the guests, besides her older brother, Bobby, were the four Hovi children, Marie Ann, Edward, Michael, and David.

Young Kathy had just finished her bout with chickenpox in time for her birthday.

The Summit Hill Girl Scout Troop will hold its investiture at the home of Mrs. Lloyd Klein of 9418 West Willow Lane on Friday evening, February 16, at 7:30 p.m. The parents of the girl scouts are invited to attend the ceremony.

There are thirteen members in the troop with eight of them being new to scouting. The five girls who have previously been in scouting will introduce the eight new girls.

Mrs. Lloyd, the Girl Scout

Leader, will register the troop with the Girl Scout Council in Joliet next week, and will, at that time, obtain the troop number.

The Summit Hill Brownie troop held its investiture at the school in the middle of January. Mrs. Hyman Kronick of 9437 West Pine Street presided over the ceremony due to the illness at that time of Mrs. Harrington, the troop leader.

The Arbury Hills kindergarten organization held an open house at the Kindergarten building at 19413 South Beechnut Drive, Jan. 26. Both the pupils and their parents were invited to attend. There was a modest turnout for the occasion, but this gave those present an opportunity to talk at length with the kindergarten teacher, and for the fathers also to meet her.

The Public Responds

The spontaneous response of the public to the appeal in behalf of Marijka van den Nouwland, exchange student at Lincoln-Way from Belgium, who was severely injured in a grade-crossing accident at New Lenox last Saturday morning, is not surprising but it is very gratifying.

The girl, who is 18 years old and is bent on becoming a teacher of physical education, lost a foot and has a compound fracture of a thigh, as a result of the collision between an auto and train.

She is in Silver Cross hospital and receiving the best of medical and nursing care. She has the prayers and best wishes of schoolmates and the thousands of people who have heard of her plight but at a time like this one's own home and family have a special meaning.

Marijka was still in the emergency room at the hospital when Supt. A. Hunter Chapman and assistant Supt. Donald D'Amico of the Lincoln-Way administrative staff launched a move to bring the girl's mother to her bedside. The American Field Services organization which has charge of the foreign student exchange program agreed to advance the funds necessary for a roundtrip plane ticket to bring the mother here. There is a local field services committee too and Lloyd Berlin, one of its active members, agreed to serve as treasurer for a fund which the school people hoped to raise to reimburse the American Field Services.

Radio stations and newspapers

carried the story of the appeal. The response was instantaneous.

Sunday afternoon school officials arranged for Marijka to talk with her parents via telephone. By that time the fund had grown to a point that the father was urged to come too. He is a foreman in a factory but could arrange to get here for a week. The mother's stay is indefinite. How long she will remain will depend largely upon the progress made by Marijka.

Those in charge of the fund say that raising it has been a most heart warming experience. It is not just that money is given, they said, but the spirit in which the contributions have been made. For some of those who gave it was a sacrifice but one made eagerly and cheerfully.

Some of the contributions have come from various parts of the United States because the story was carried on the wire services in this and countries abroad. Cards and letters also have started coming in, expressing sympathy and encouragement to the sufferer.

Marijka is a friendly, cheerful girl. She likes people and people like her.

To lose a foot is a fearful jolt to anyone. But somehow, for a girl, especially one who is devoted to sports like skating, skiing, bowling and other activities, it is a double jolt. But Marijka is taking it and in the years ahead we feel confident she will overcome the handicap. She appears to be that kind of a girl.

YEAH! WHO DID SAY THAT?

Dear Sir:

So someone said they wanted an old fashioned winter. Well, here are a few lines for a song for anyone who has a Snowman. Try the words to the tune of "Sing Along With Mitch."

"Oh Mr. Snowman you did raise a lot of cane--when you came; you know you're not made of sugar and spice, and everything that nice, that's what little girls are made of--"

"Little boys have fun with you while you are here, because they know your stay won't be long. Please, for goodness sake, Mr. Snowman go away and come back another year--"

Even if there are man who may think you are a dear," Mrs. E.A. Osmus New Lenox, Ill.

PS. The last line could end in many different ways like "we know you are not made of beer--" or "to little folks you do bring a lot of cheer" etc.

CHAMPIONS JOLIET JC

Dear Sir:

Many people here in New Lenox are not in accord with the proposed Lincoln-Way Junior college district in spite of newspaper accounts to the contrary.

Not that we are against education nor the formation of junior college districts which will be the only answer to the growing college enrollment. We have a fine junior college in Joliet which is the oldest in the nation. Its reputation stands high in academic circles and is accredited.

The proposed junior college will be under the control of the Cook County Superintendent of Schools. We would like to keep our tax money in Will county and also the control of our children's education.

The proximity of the J.J.C. plus the available transportation is another point in its favor. This applies not only to regular school schedules but to any of the extra curricular activities in which the student may wish to participate.

Our lives are connected closely with the Joliet area. Our main shopping area is in Joliet. Many of our doctors, dentists, lawyers, etc., are located there. Our county offices are there. Many of our social activities and friends are there. These services and friendships are stronger in Joliet than in the proposed area for a Junior College. Why should we divorce ourselves from Will county to affiliate ourselves with Cook county?

It would be more economically feasible to vote as Lockport

has done to send our children to J.J.C. At some future date when the present plans to enlarge the J.J.C. are completed we could then join the district to which we really belong, Joliet.

Economically, geographically, politically, socially, we belong to Will county. Let's keep it that way.

AN IRATE CITIZEN

LOVE THAT ROCK ISLAND

Dear Sir:

Have you ever ridden on one of the Rock Island railroad commuter trains? It is a disgrace. The equipment is a rattling shambles the coaches filthy and in poor repair. The doors do not always close and windows are broken. One I rode on recently had a hole rotted under the window sill and dust and snow blew in. The coaches haven't seen a fresh coat of paint in years and I doubt that they are swept once a month.

The commuter trains make no apparent effort to keep any type of schedule. It is often as much as 30 - 35 minutes late regardless of the weather. Some of the Rock Island personnel say that they owe the commuters nothing but transportation. . . however, if one is to ride in cattle car conditions, one should pay only cattle car prices.

This poor commuter service hurts Mokena and surrounding areas. Many times to my own knowledge, friends have come out here looking for new homes and like Mokena very much. They were quite taken with its "country charm", wooded areas, good schools, close by shopping area, light traffic and the churches but because (and only because) of the poor commuting service, they have bought in the western suburbs. They pay higher taxes and land values because the Burlington R.R. is interested in its commuter service; because they provide good commuter service, they attract high income commuters, enrich the suburbs along its line and make more customers of itself. It provides heated cars in the winter, air conditioned cars in the summer, double decker coaches for more seating, wide center doors for ease in getting on and off, express trains from the far outlying districts to cut commuting time and the cars are shining clean.

Two weeks ago when the temperature was below zero, some of the Rock Island commuters trains took two hours to come from Chicago, but worst, the cars were not heated and the passengers almost froze. They suffered severely. This happened not on just one of the trains but several. This type of thing certainly makes commuting on the Rock Island Railroad almost hazardous. When the commuter spends two hours per day on the train he wishes for more than this type of cattle car commuting.

Each time a business man moves his family to a western

suburban area because the commuting to Chicago loop is nicer and more comfortable from that area, the Rock Island railroad is directly responsible. Because of them, it is one less lot in Mokena sold. It is one less house that a local contractor built, one less tax source and one less customer for local businesses.

Cattle car commuting is no fun.

Sincerely

Mrs. R. G. Holleman, Jr.

On Second Thought

By GLENN F. LOGAN

"This," declared Jefferson P. Throtlebottom the other day on a visit to my office, "is the time for decision."

Whether he was getting ready to make a commencement speech or was leading up to a suggestion for an editorial I didn't know but felt sure that it was either one . . . it just sounded like it. But I was wrong. "Yes sir," Jeff went on, "we have reached the time of year when copy desks all over this broad land of ours will hear pronounced from the stranger on the rim, 'Hey, do you apostrophize Valentine when used with day?'"

"The rule seems to vary to the point where there is no rule," Jeff continued. "As far as I am concerned I believe it should be Valentine or St. Valentine's day, not St. Valentine's day. Of course, -- Feb. 14, that is, -- is reputed to be his feast day but look at all the other feast days on the calendar and you don't see them apostrophized.

"If this martyred priest and physician had not had his feast day on Feb. 14 there is no telling what we might be calling the day. According to the World Book Encyclopedia and other authorities the people of medieval times believed that birds chose their mates on Feb. 14 since St. Valentine had a feast day that was celebrated on the same date it is not surprising that his name came to be linked with love and romance and that the presentation or exchange of romantic gifts became known as valentines.

"Undoubtedly," Jeff went on, "it was about this time that some phlegmatic husband chided by his wife for failure to show a little interest in romance came Feb. 14, coined the phrase one still hears today -- 'That's for the birds!'"

"Valentines have not changed too much -- we are talking about the paper kind now -- over the centuries. Some are quite ornate and garnished with silk and lace, with goosy verses in gold colored ink, some are simpler of course and then there are the comics, also the comic valentine has been supplanted in a way by the so called 'contemporary cards.' With the contemporary cards one needs not wait until valentine day to send a barbed and insulting greeting to a friend or maybe enemy. They are available for any and all occasions but on the whole they are not quite as biting as the old time comic valentine. Some of those were really sizzlers.

"Candy has been a mainstay for the valentine business for years and years and," Jeff said dreamily, "a swallow or two of Drambuie or Irish Mist is not a bad way in which to express regard for a friend.

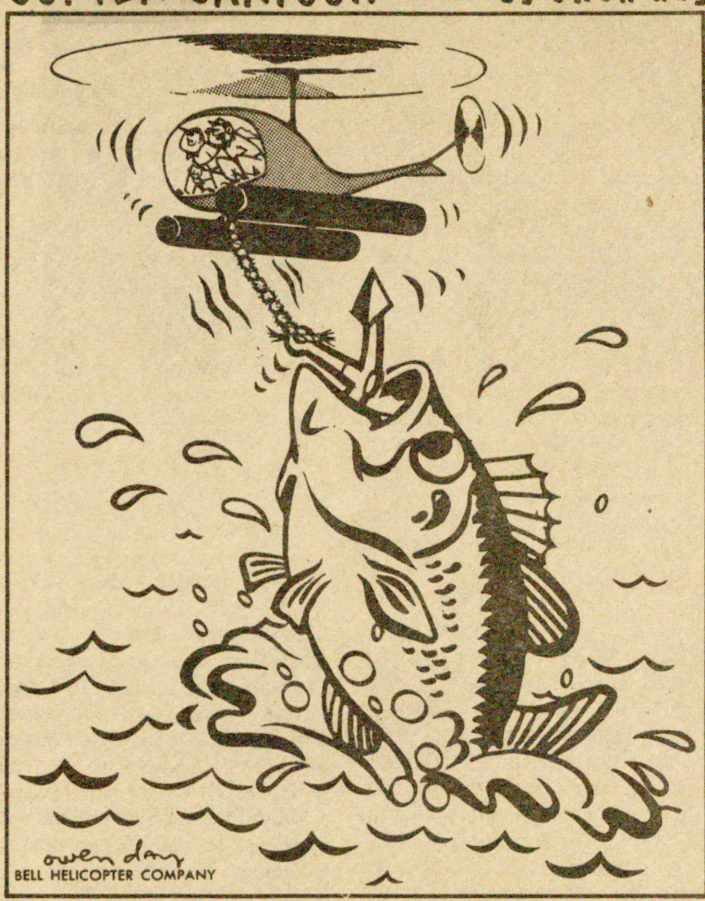

"I recall," he went on, "passages from Samuel Pepys diary devoted to observance of Valentine's day. At that time gloves were frequently given to the lady. Flowers have always been popular as a valentine but to tell the truth in this present day of high pressure and the hard sell anything at all will serve the purpose. It may not be suitable but by golly there is a salesman somewhere who will back you up that it's a valentine.

"Even a hoe or shovel or a rake is a valentine if it is wound round with a red ribbon with a paper heart at the top.

"Jewelry, garden tractors, tobacco products, clothing, fishing tackle, neckties, snow tires, socks, books, stockings,

COPTER CARTOON

by owen day

furniture, shoes, perfume, a trip around the world, a trip around the U.S., a trip around the town, a trip around the block.

"Anything you can see, taste, feel or operate--if it can be translated into sales dollars is a valentine.

"There was a time," Jeff sighed, "when if a man told a girl she was his valentine -- or vice versa -- that was enough . . . or a girl wanted action she started out circling the village church" at midnight, making 12 trips and on each trip said, 'I sow hempseed, hempseed I sow, he that loves me best, come after me now.' If no one showed up she could at least hope to see her valentine in a dream, if the bayleaves were working right. You see, to conjure up the right dream, according to old legends, she pinned five bayleaves to her pillow, one at each corner and one in the middle.

"Marriage prospects could be ascertained very simply on Valentine day. When she got up

she looked thru the keyhole of a door. If she saw objects that meant wedding bell. One object? Well, better luck next year.

"Another, but messy, way to discover the identity of her valentine was to write out the names of her boy friends on separate pieces of paper and wad each into a ball of clay. Then she tossed the clay into a bucket of water. The first bit of paper that floated to the top was her valentine.

"Gals must have been a patient lot then, and slow workers. If a girl today made 12 trips around a church you can bet she would see to it that the boy friend was there on the first lap and by the time they had made 12 she would have him inside talking business with the pastor.

"Some of these days," Jeff wound up, "they probably will move Valentine day into May to promote the wedding trade. In February it is too close to Christmas and too cold for romance."

Illinois 4-H and FFA members in the market for dairy project calves can buy them at the 14th annual 4-H and FFA club sale in Urbana on Feb. 24. The sale starts at 11 a.m. in the University of Illinois stock pavilion.

The sale is sponsored by the Illinois Purebred Dairy Cattle Association to give 4-H'ers and FFA members a chance to get first-rate project stock at a fair price.

U. of I. extension dairy scientists Jerry Cash says about 80 calves will be sold. Consignment by breeds includes 30 holstein, 20 Guernsey, 15 jersey, 15 brown swiss and 10 Ayrshire calves.

Only bona fide Illinois 4-H and FFA members are eligible to buy calves. However, if the member cannot attend, he may designate another person to buy an animal for him.

All purchasers must certify that the calves will be used only for 4-H or FFA dairy projects. For sale catalogs, write to J.G.

Cash, Dept. of Dairy Science, University of Illinois, Urbana.

There is still no substitute for good management to lick weeds in lawns. But if management doesn't crowd out weeds, chemicals are available to clean up any lawn pests.

On dandelion and plantain, 2, 4-D does an excellent job. However, Silvex or 2, 4, 5-TP may soon replace 2, 4-D as the best material for controlling all broadleaved weeds. Endothal is exceptionally good for controlling knotweed and white clover.

Two new chemicals, Dacthal and Zyturon, along with calcium arsenate, should give home owners effective control over crabgrass. To be most effective, any of these crabgrass killers should be applied before the seed germinates.

To get low production costs per bushel for corn, you need high corn yields. It cost 37 central Illinois farmers 93 cents a bushel to produce 83 bushels an acre in 1959. In 1960 these same farms produced an average yield of 98 bushels an acre at a cost of only 79

There is much in the news regarding the European Common Market area of Western Europe and the effects of this close association of these countries. The development is designed to achieve an association somewhat similar to the individual states within the frame work of our national government. For the time being, this association is limited to industrial production and tariff barriers which has been a great industrial handicap in the past.

These local barriers of embargoes and tariffs, made it impossible to have a mass market with mass production economies such as we have in our country. The penalty for such limited markets, is a low standard of living due to higher production costs, etc.

The Common Market has been far more successful than was anticipated. There is evidence that a number of western nations, including England and the Scandinavian countries, are presently making progress in their efforts to join forces with the Common Market countries.

There will be some dislocations of industrial activity and competition in our own market due to fact that western Europe will be able to use our mass production techniques.

Industrial success is having the expected effect on wages and working habits. It is reported that the metal working industries of the Common Market areas, are negotiating new wage agreements for substantial increases.

From the Russian point of view, the success of the Common Market, is the most serious defeat it has had in the western world.

The official policy of the administration as to expenditures is now termed a "compensatory budget," - smaller expenditures during good business periods and expansion of these expenditures in periods of declining business activity.

cents a bushel. The total cost of growing one acre of corn was therefore \$77 in both years.

Much progress has been made recently in developing pre-emergence herbicides for corn, but consider them as chemical tools to add to cultural practices -- rotary hoeing and cultivating -- rather than replacements.

Atrazine and Randox head the list of chemicals in the weed - killing arsenal recommended for corn in Illinois this year.

Atrazine controls both annual grasses and broad-leaved weeds. It has performed especially well on soils that are low in organic matter. Simazine is preferable to atrazine on sandy soils.

Randox controls annual grasses but not broad-leaved weeds. It works well where foxtail grasses are a problem. The granular form of Randox reduces the irritation to skin and eyes -- common in the liquid form -- but won't eliminate it completely.

Critics point out that this general idea is not new. The difficulty in the fact that not all business activity rises and falls at the same time. Each industry is naturally concentrating on its own condition and even a small softening of the business picture, can have a heavy impact on a limited area. This creates political pressures with usual results.

Cynics point to the budget for fiscal 1963 (starting July 1, 1962) as an example of the "compensatory budget" in operation. They believe that the proposed surplus is illusory on the basis of the types of spending in this budget and their belief that pressures will have their results in unexpected increases and also that tax income will not be as great as expected.

The expected change in depreciation allowances for tax purposes by industry, is likely to aid machine tool industry.

A leading investment service expresses belief a number of factors will be aiding this country and our rate of industrial growth. It is pointed out that within a couple of years, a large number of young people born after the war during the high birth rate period, will be joining the work force.

The service goes on to state that labor productivity is likely to increase due to new scientific discoveries applied to industry.

READ ROMANS 8:31-39

Nay, in all these things we are more than conquerors thru him that loved us, (Romans 8:37.)

In our service for the Master, we are often too eager to see our accomplishments right away. Dwight L. Moody tells that one morning he was in his study, cast down because he could not see much fruit of his work.

One of his friends came in and sensed his gloom. The visitor asked Moody if he had studied the life of Noah. Moody replied, "No, I never studied his life particularly."

When the visitor left, Mr. Moody took down his Bible and read how Noah struggled and toiled for God many, many years, yet never got discouraged.

Moody said to himself, "Well, I ought not to be discouraged." The clouds lifted, and he could say: "Let us ask God to forgive us, if we have been discouraged and cast down; let us ask God to give us hope, that we may be ever hopeful."

If the Lord wants us to work without any fruit, let us work on for Him. God helping us, we can do our best, and leave the rest in His hands.

PRAYER: O God, give us an unquenchable love for Thee, Grant also that we may see the challenge of helping others love Thee. Inspire us to do our best for Thee and leave the results in Thy hands. For the Savior's sake. Amen.

THOUGHT FOR THE DAY: If we do our work for the Master, God will not permit it to be without fruit.

Carolyn Johnson, New Lenox,
To Wed H. P. Folkers Jr.

CAROLYN JOHNSON (Matthews Photo)

Mr. and Mrs. Edward C. Johnson of New Lenox announce the engagement and approaching marriage of their daughter Carolyn to Herbert P. Folkers Jr. The prospective bridegroom is the son of Mr. and Mrs. Herbert P. Folkers of Frankfort.

The wedding will take place Feb. 10 at the Frankfort Methodist church. Rev. James A. Parker will officiate at the candlelight ceremony. The reception will be held following

the ceremony at Pleasure Lakes. A buffet dinner will be served to 350 guests.

The bride is a graduate of Carl Sandburg high school. The bridegroom is a graduate of Lincoln Way high school and attended Western Illinois University and also completed a horse shoeing course at Michigan State.

After their marriage they will reside on a farm on Route 30 near Frankfort and engage in farming.

Students May Receive U. Of I. Scholarship

Examinations for six or more University of Illinois scholarships in every county of the state will be held March 31 by superintendents of schools.

All cover tuition of \$170 per year for four years. Examinations will be from 9 to 11:30 a.m. in office of the county superintendents or places they designate. Tests will cover high school work and measure ability to do college work successfully.

Available in each county are one or more county scholarships depending on population; two special scholarships -- one for a student in agriculture, and one for a student in home economics; and three scholarships to children of veterans -- and each to a child of a veteran of World Wars I and II and of the Korean action.

Candidates must be residents of the county in which they write the examination and meet university entrance requirements. Persons planning to take the examination must notify the county superintendent in advance.

MISS JOAN NEVIN

Announced Engagement Of Joan Nevin And John Blew

In Tucson at the Alpha Delta Pi Sorority announcement was recently made of the engagement of a popular young couple from this area, Joan Nevin and John Blew. Following a tradition of the sorority, the event was commemorated in a candlelight ceremony at which was read a poem composed by the Beau and dedicated to his Belle.

Joan is the daughter of Mr. and Mrs. John J. Nevin of 8614 West 123rd st., Palos Park. John is the son of Mr. and Mrs. William R. Blew of 143rd st. and 79th ave., Orland Park. Joan and John are graduates of the Carl Sandburg high school. Joan is presently attending the University of Arizona. John will, in June, graduate from Dartmouth College at Hanover, N.H.

A definite date has not yet

been set for the wedding, but it is expected to be in late August or early September.

The Nevins will observe their wedding anniversary Aug. 24; the Blews on Sept. 4.

TB Seal Drive In Will County Short Of Goal

A total of \$33,038.35 thru January 6, 1962 has been received by the Will County Tuberculosis Association in the Christmas Seal Campaign as compared with \$34,175.19 received on the same date last year. These were figures released by Andrew A. Wicklein, Christmas Seal Chairman.

"Altho the Christmas holidays are past, it is not too late to contribute to the Christmas Seal campaign," Mr. Wicklein said. "Your dollars work the year round to help fight tuberculosis. In the United States

in 1960, there were 55,683 new cases of TB reported. There were 4,063 discovered in Illinois and 48 in Will County. With statistics like these, we dare not relax in our efforts to eradicate tuberculosis."

State Library Provides Book List For Police

Secretary of State Charles F. Carpenter, state librarian, today announced that the Illinois state library and local public libraries are cooperating in a guided reading program for police officers throughout the state sponsored by the Illinois Association of Chiefs of Police.

State Library staff members have prepared lists of books of particular interest to law enforcement officers in such fields as investigation, identification, juvenile delinquency, traffic safety and public relations, Mr. Carpenter said. Copies were made available to the chiefs' association for distribution to police departments throughout Illinois, and the state library has sent other copies to all public libraries in the state so that those libraries may add the books to their collections if they do not already have them, he said.

dren were staying with relatives in Chicago. Mr. Giltner also was living elsewhere and went to inspect the building, and was in the basement when he thought he heard some one walking upstairs. As he reached the second floor, there was an explosion and flames filled the place. The Northwest Homer Fire Department went to the scene and also called the Le-mont Department.

On Tuesday morning, Homer and Northwest Homer Fire Departments sent equipment to assist with the Lubick Welding Co. fire on Lockport Rd. near Nobes Ave.

Robert Shepherd Sr., who has been a Silver Cross hospital patient, has returned to his home on Bruce Rd. and is feeling considerably better.

Clarence A. Rowley of Plainfield, and formerly of Homer, is hospitalized at Silver Cross with a kidney ailment. He is improving.

Two new members, Mr. and Mrs. Alan Henderson, E. Seventh St., joined Homer church last Sunday, coming by letter from Brookfield Methodist Church. Young people who participated in the Youth Day service last Sunday, were George Burcham Jr., Dean Anderson, John Reed and John Fillipowicz.

Choir practice was not held this week, because of illness and icy roads.

Hints For Homeowners

By: JAMES FIZZEL, ASS'T. FARM ADVISER

This week as I sat trying to think of something interesting to write in the way of gardening and flowers, it dawned on me that with Valentine's Day only a short way off, the flowers themselves should be doing the speaking.

FLORAL SYMBOLICA, a best selling book of 1866 said: "Some flowers almost bear written upon their upturned faces the thoughts of which they are living representatives." Another 19th century writer seemed to be expressing the modern day feeling, when he wrote: "Flowers have an expression of countenance as much as men. Some seem to smile; some have a sad expression; some are pensive and diffident; others again are plain, honest and upright."

To get an up-to-date version of what flowers say, I called the Illinois Allied Florists for their ideas. According to them, today's young admirer (and older too) can say just about anything he means to say by the flowers he chooses to send to his Valentine: The warm greeting of roses, if they're red, comes right to the point with "I Love You." If the roses are white, "You're heavenly," or "You're innocent." Pink roses promise, "I'll never forget you"; yellow roses, "Try to care," or "I'm jealous." Sweetheart roses, the miniature rosebuds clustered on a single stem, vow that "I'll remember always."

Red carnations mince no words: "I'm carrying the torch for you." Fragrant white carnations breathe, "You're sweet and lovely." Pink carnations promise, again, "I'll never forget you." Newest in the carnation and camellia spectrum are the striped or variegated colors which at St. Valentine's day have a very definite way of saying "Sorry I can't be with you," or "Wish I could be with you." Yellow carnations plead eloquently, "You have disappointed me."

"To a beautiful lady," is exclusively the voice of the orchid, whether expressed by the large lavender kind that belongs to the mature woman or the dainty orchid spray for a

MID-YEAR GRADUATE -- Miss Patricia Boleman, daughter of Mrs. Henry Boleman, of Mokena, was a mid-year graduate of Western Illinois university where she majored in physical education and is now teaching in the Woodrow Wilson junior high school at Moline. She was graduated from Lincoln-Way high school in 1957.

Patricia is the youngest of three daughters all of whom have their teaching degrees from Western Illinois. Their father, the late Henry Boleman, formerly operated a drugstore in Mokena.

young girl. Sophisticated camellias, the red variety, are warm reminders that "You're a flame in my heart." If the camellias are white, "you're adorable," or "Adorable you." Dainty pink camellias plead, "I'm longing for you." The white gardenia, in quiet grace, breathes "You're lovely." Violets tied in an old-fashioned nosegay promise, as you would suspect, to be "always true." The colorful gladioli pleads: "Give me a break -- I'm really sincere."

The golden daffodil carries its ancient message: "The sun is always shining when I'm with you," and the modern version, "You're the only one." The blue iris declares, "Your friendship means so much to me." Stately snapdragons bear greetings to "A gracious lady."

that's THE LAW

THE LAW'S PROTECTION TO INVENTORS

A "patent" is essentially a monopoly granted to an inventor by the federal government. The inventor obtains the exclusive right to make and sell a certain article or to utilize a certain method or design.

In exchange, he discloses his discovery to the public and agrees that when his patent expires anyone may use the invention. In this way the law promotes inventiveness and rewards inventors, and at the same time secures free interchange of new ideas.

Assume that James Burman invents a type of lock which he believes to be different from any previously in use, and he wants to patent it if he can. He goes to a lawyer and explains his invention.

If the lawyer concludes that James needs a patent to protect the invention, the first step he usually will take is to cause a search to be made of the records of the U. S. Patent Office in Washington, D.C. to determine whether there are existing publications, principally patents showing this type of lock or a very similar lock. If there is such a publication, James will not be able to procure a patent.

If it is found that no prior publication exists, James' lawyer will prepare a patent application and file it in the Patent Office. The patent application is a very technical document. It must contain an explanation of the lock couched in the technical terms of the trade, but so clear that other locksmiths can construct the invention after reading the application.

The application also defines the scope of the invention and hence of the ultimate protection which the patent will give. Drawings are usually sent with the application. It must be filed within one year after the inven-

tion has been sold or become known to the public.

An examiner of the Patent Office will be assigned to examine the application, and he too makes a search of prior patents. If he believes that the lock does not embody a new concept, but is merely an improvement in form over locks already patented or in use, he declares that the device is not patentable. The examiner prepares an opinion, either accepting or rejecting the application.

In case of rejection, James' lawyer may amend the application or submit an argument in an effort to convince the examiner to change his position. If the examiner adheres to the

rejection of the application, an appeal may be taken to the Patent Office Board of Appeals and from there to the Court of Customs and Patent Appeals.

Patents on articles of manufacture or on methods are valid for 17 years and cannot be renewed. The life of patents on designs, that is, on the appearance of an article of manufacture, depends on the fee the inventor pays when he obtains the patent, but none exceed 14 years.

During this time the inventor, called the "patentee", has the exclusive right to make and use the process or design described in his application, and may sell or license this right. If

any unauthorized person attempts to use the invention, the patentee may apply to court for an injunction to halt the infringement, and sue for damages.

(This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law. The names used in this series are fictitious.)

The first wireless message ever sent across an ocean was "Dot, dot, dot," Morse code for the letter S.

Center Plans Classes For Sr. Citizens

For a number of years, the Community Center Foundation has felt the need of being of service to senior citizens, that is, people who have reached retirement age. As a beginning for this program, the Foundation is planning to conduct a craft class under the direction of Mrs. David Menagh of Palos Park.

Many people who have reached retirement age have wished to do creative things with their hands, such as painting or work with clay or other craft projects, but due to the pressure of earning a living and meeting the demands of life, have not had time to do them. This class will present an opportunity for just such a creative program. The activities of the class will grow out of the interests and needs of the people participating.

Marley

Former Teacher Has Won Her Wings As Stewardess

By VIRGINIA SASS
HU 5-6424

Miss Jo Anne Painter, a former Marley school teacher, has won her wings as an American Airlines stewardess, assigned to flight duty out of Washington, D.C. She is the daughter of Mrs. Margaret F. Painter, 104 Akin Av., Joliet. She attended Joliet Junior College and the College of St. Francis, where she majored in speech and education.

Overnight guests in the Russell Lauffer home on Monday night were Miss Coralie Christiansen and Miss Karen Gilthvegt of Moorehead, Minn. The girls are traveling with the Concordia College choir which presented a concert in the Lockport high school on Monday evening.

Mrs. John Haslar is a patient in a hospital in Miami, Fla. She was stricken suddenly while visiting relatives in Miami.

Mr. and Mrs. Charles Elliott attended a dinner party on Sun-

day at the Clearing Club in Chicago.

By MRS. SHERMAN KNOX
Fleldbrook 9-0211

The Cancer dressing group will meet in Wesley Hall, Wednesday, Feb. 14 at 10 a.m. Each is to bring a sandwich. Coffee and dessert will be served by the hostess committee at noon. According to Mrs. Harry Pihl, chairman, the group need material to work with, such as men's white shirts, sheets, pillow cases or any white material that can be used for pads etc. Contact Mrs. Pihl or bring to the meeting.

Everyone is looking for something at this time of the year to give them a lift from the long and dreary winter, so St. Michael's Altar & Rosary Society has planned a very special program for its regular monthly meeting to be held on Tuesday, Feb. 13, at 8 p.m. in the school auditorium. A demonstration of how to design and make your own hats is being put on by "Liz". To make this an extra special program, the hat which is being made will be given away at the end of the program to some lucky lady. So be sure and come, and bring along a friend, say those in charge. Refreshments will be served.

James A. Hart, dean and professor of economics at DePaul university, will address the Holy Name Society of St. Michael's at 8 p.m. Feb. 12.

Dean Hart's degrees include a B.S.; M.A.; and Ph. D. at Fordham university as well as a LL. B. from Georgetown university. He is known for his work in Foreign business, both as a T.V. commentator and consultant. His articles appear in the Monthly Labor Review, Vanderbilt Law Review, American and Review of Social Economy.

Mrs. Georgiana Woodbury and Beverly E. Anderson of Laguna Woods, Orland along with Mrs. Lenore Schumacher of Palos Heights are doing business as the Suburban Studio & Gallery, Inc., in Worth.

Artists are invited to submit their work to be exhibited in the Art Gallery, at no charge

MRS. KATHERINE HEISNER
Frankfort 5187

The Green Garden Methodist Church Women's Society of Christian Service meeting will be on Wednesday, Feb. 14, at 1:30 p.m. After some desert and coffee served by Mrs. Norman Gill, Mrs. Alfred Krapf and Mrs. Elmer Bettenhausen, the business meeting conducted by Mrs. Chester Steinberg, the president, will begin. The worship and program leader is Mrs. Edwin Dralle assisted by members of the study class. The topic will be "The mission of the church of Christ in Latin America". The ladies of this society will be hosts on the World Day of Prayer, March 9, to the Methodist and United Church of Christ churches of Mokena and Frankfort.

At the first meeting of the Mens' Brotherhood of the G.G. Methodist Church which was held last Monday evening, William Krapf was elected president and Ted Griffen was elected secretary and treasurer. Plans were made to have their regular meetings on the fourth Monday of each month at 8 p.m.

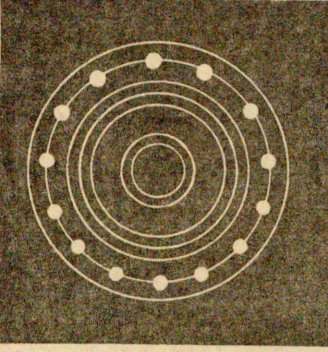

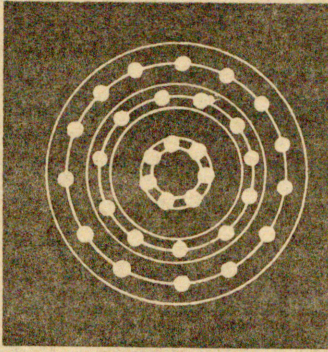

Unlike many of his rodent cousins, the ground hog does not store food for the winter. Instead, he batters on greens all summer and autumn. Then he sleeps through the cold months, resting up for another year on spring vegetation.

Nepote Heads 1962 Heart Drive, Seeks Volunteers

Don Nepote, of the New Lenox Savings and Loan Association, who has just been named chairman of the 1962 Heart Sunday drive in Will county, has issued a call for volunteers. Twenty eight hundred will be needed for the door-to-door canvass to be conducted thruout the residential area on Sunday, Feb. 26. Heart Sunday is the highpoint in the nationwide four-week Heart Fund campaign each February.

When the Heart Sunday army is fully recruited, it will be able to canvass all of the community's residential sections in 1 1/2 hours with each volunteer calling on (twenty) families in his or her immediate neighborhood, Mr. Nepote said. The volunteers will be divided into groups, each group headed by a

Draft Law Provides New Class, I Y

Recent changes in the Selective Service Regulations, issued by the President, were explained today by Willard A. Manning, State Director of Selective Service for Illinois.

The amended regulations create a new classification, Class I-Y, for men found not qualified by the armed forces for military service under current standards but who are considered qualified to serve in an emergency. Previously such men were placed in Class IV-F. Hereafter only men not qualified for any military service will be classified IV-F. At present the standards of physical, mental and moral acceptability are higher than those the armed forces would use in an emergency.

Another change in the regulations removes the criteria of class standing and college qualification tests scores formerly used by local boards in considering college students for deferment. The boards may continue to consider a student's class standing or test score if they so desire but they are not required to do so by the regulations.

Immediate induction of Ready Reservists who enlist in the six-month reserve program before age 26 and fail to participate satisfactorily in training is also provided for by the new regulations. Previously only men who enlisted in the six-month program before age 18 1/2 were liable for immediate induction because of unsatisfactory participation.

Each volunteer will carry an official identification envelope.

"Heart Fund volunteers need no experience, altho many who have already signed up have served in previous Heart Fund campaigns," Mr. Nepote pointed out. "In addition to calling for Heart Fund contributions, volunteers perform a valuable educational service in distributing information presenting the latest knowledge about heart attacks, rheumatic fever, high blood pressure and strokes," he observed.

The Heart Sunday chairman invited residents to volunteer by visiting Heart Fund headquarters: 4 East Clinton Street, Joliet or by phoning SA 7-1511.

"Service as a Heart Fund volunteer is a satisfying way of helping our Heart Association fight the nation's Number 1 health enemy," he continued. "Those who volunteer may be sure of a ready welcome from neighbors who appreciate their efforts to distribute health-saving information. Furthermore, contributors find it simple and gratifying to help in the heart crusade by merely inserting a gift in the special Sunday envelope presented by the volunteer, sealing the flap and returning the envelope. In this way, the gift is personal and confidential."

Beads are showing up unexpectedly on gingham and seersucker, linen tops for summer and chiffon, peau de sole and lace for evening. The types of beads most in demand are paillettes, bugles, rocailles. Some of the beady decorations are made of wood, and even straw.

Frankfort Post Launches Drive For Members

Bobzin-Swinford post, American Legion, of Frankfort, in common with other Legion posts in the state, is launching a drive for members, especially former members who thru neglect or some other reason have not renewed their memberships.

Commander Ted Lutger has named Charles Schuldt chairman of a committee that will concentrate on this part of the campaign. Schuldt's two assistants are Frank Polisi and Larry Vaughn.

The drive is scheduled to close March 17. The Illinois department of the Legion is celebrating that body's 43 birthday March 15-17 and state officers want to see all former living Legionnaires back in the fold by that time, Lutger pointed out.

Doerfler Is Candidate For Sheriff

Roy C. Doerfler, of 15 Earl ave., now serving his fourth and final year as treasurer of Will county, holds high hopes of getting back into what he considers his vocation -- law enforcement.

To that end Doerfler is seeking the Republican nomination for sheriff. Doerfler was in the sheriff's office for 17 years, first as a deputy, then a criminal investigator, and finally sheriff.

He was elected first to fill out two years remaining of the term of the late Ernest Overbey.

Then he was elected to a regular four year term. The law forbids a sheriff to succeed himself after completing a full term; he can be a candidate, however, if serving only a partial term as did Doerfler, according to legal rulings.

Doerfler is a graduate of the FBI National Police Academy at Washington and can be described as a career law enforcement officer.

He is basing his campaign of his long experience in law enforcement work and his record as a former sheriff. In his career Doerfler has solved several puzzling cases and when sheriff, it was pointed out by a campaign spokesman organized crime was unable to gain a foothold in the county.

Doerfler is married to the former Mabel Dent and is the father of a son and daughter, Roy Jr., and Kay, now Mrs. John B. Shaw, both of Joliet.

In 1646 a scythe manufacturer, Joseph Jenkes, received this country's first machine patent, for equipment used in his waterdriven mill.

Cotton up to the resort collections for '62 and you'll see a variety of silhouettes featuring, airy, souffle-like bas-tiste, crisp organdy, textured pique, shimmering cotton satin and brocade. These are designer favorites for decollete dance dresses, executed in delicate or dramatic prints, as well as elegant afternoon ensembles in patterns and solid colors. The silhouette story is one of free-wheeling movement -- with fluid-line, princess, shift and classic sheath shapes in one and two piece versions.

Southwest Group Forms Elks Lodge

Chester Bates, 9243 Lynwood, Oak Lawn, secretary of the committee to organize an Elks lodge in the Oak Lawn area announced that the group now had over 150 paid members and has passed its first step in the process of becoming a lodge.

The group will hold its next meeting on Monday Feb. 12 at Kilty's restaurant. All residents of the southwest area who are interested in joining this new lodge as charter members are urged to attend. Refreshments will be served.

Publicity chairman Frank Alston, 9530 S. Knox, Oak Lawn, says the group has set a tentative date of April 1, 1962, when they expect to have 500 paid members, as the date of initiation for all in the new lodge.

Loop Record 10-0

Eagles Trim Oak Lawn 79-45, 53 45 Host Rich Friday

By GEORGE FREED

Carl Sandburg moved a little closer to its second S.W. Suburban Conference championship in three years by shelling Oak Lawn 79-45 last Friday night. The Eagles picked up their 10th win in league play on some hot shooting by Lance Roberts and John Devoursney who outscored the entire Spartan team. Lance hit for 28 points while "Big John" got 24. Sandburg found the going real easy, jumping off to a 27-8 first quarter lead and a 41-16 cushion at intermission. It was 61-23 at the three quarter mark when Coach Bill Adams cleared the bench. Jim Lavine was the third Eagle to hit in double figures, getting 16.

F. S. SQUEAK BY

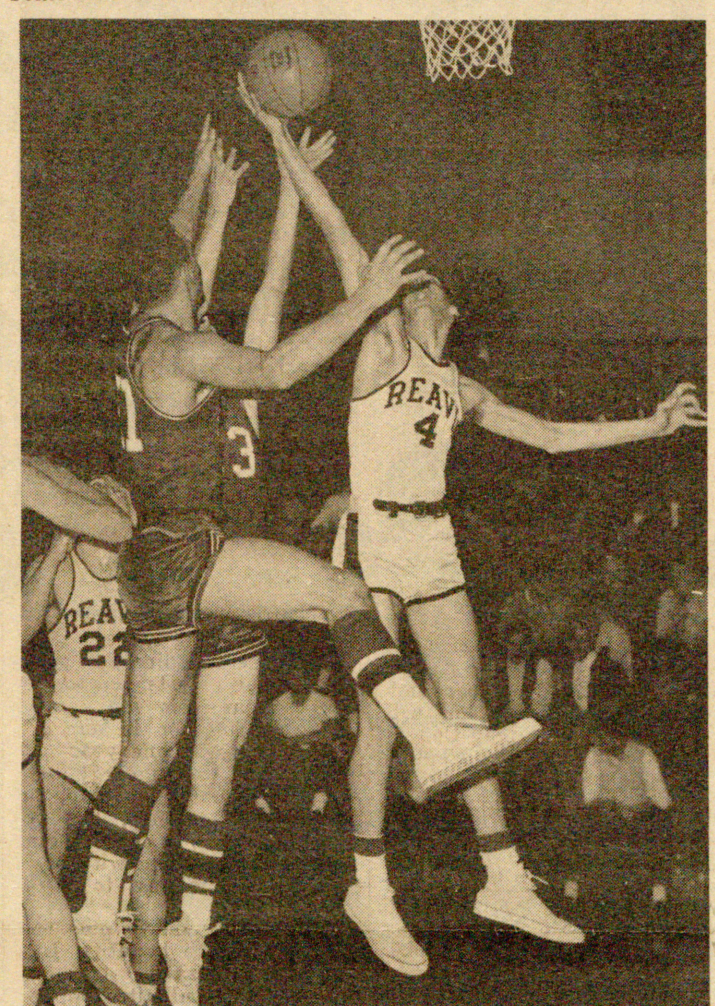

The Oak Lawn Frosh-Sophs threw a scare into the Sandburg five by playing a ball control type of game. The Eagles hung on for a 35-34 win, hiking their conference record to 10-0. The only shots the Spartans would take were drive in layups when they could shake a man loose. The plan was quite effective and gave the Eagles some anxious moments.

LOSE TO RIVERSIDE-BROOK-FIELD

It was upset weekend and Carl Sandburg joined Joliet, Hinsdale and Wheaton by dropping No. 4 at Riverside-Brookfield Saturday night. The Eagles spent a frustrating evening trying to pick up win number 16 in this non-conference clash but R.B.'s hustling Bulldogs subdued the Orland Parkers 74-66. Sandburg didn't look anything like the team that blistered Oak Lawn the night before. R.B. jumped off to a 5-0 lead before the Eagles found the range and took a 19-16 first quarter lead. At half time it was the Bulldogs in front 33-29. R.B. was still in command at the three quarter mark 54-45. Each time Sandburg closed the gap the Bulldogs would roar back to widen it. Lance Roberts got 29 points in a losing cause; Jim Lavine pumped in 17 and Devoursney got 10 before fouling out at the end of three quarters.

F. S. ROLL

In the lid lifter the Eagle Frosh-Soph put on a fine display of shooting in downing the younger Bulldogs 57-38.

MOMENTARY POSSESSION of the ball is enjoyed by the Ram's John Janssen but Lincoln-Way's Ron Yunker and John Burroughs (behind Yunker) are on the way up to change the situation. Action occurred in the game last Friday in Oak Lawn when the Knights defeated the Rams 53-45. Semmler Photo

MEET REAVIS

Tomorrow night Sandburg gets back into conference action when they play host to the Reavis Rams. ANNOUNCE REGIONAL PAIRINGS

Thornton, Thornridge and Bremen are all entered in the Blue Island eliminations where Carl Sandburg is the No. 1 ranked club. The Eagles currently own a 15-4 record.

Upper bracket play finds Carl Sandburg paired with St. Francis De Sales and Thornridge meeting Thornton Fractional South while the lower bracket finds Thornton Fractional North going against Thornton Township and Blue Island tangling with Bremen. Play begins March 5th.

PAYS \$25 FINE

A New Lenox resident, Ralph Hacker, 211 Ash Street, was fined \$25 and costs on a charge of disorderly conduct. He was driving in Mokena when he struck a parked car.

Police Chief Vernon Borset cautioned motorists against traveling too fast for conditions and said police were prepared to crack down on those careless with their speed on icy and snow packed streets.

"Those posted speeds," the chief pointed out, "are for ideal conditions. Thirty miles an hour may be safe when the pavement is dry and clear but it can be fatal when it's icy."

Knights Rally Whips Rams Sets May 1 As Date To Have School Ready

BY PAUL BROWN
Lincoln-Ways Knights traveled to the coral of the Evergreen Park Mustangs last Friday night and "rode" them to the tune of 49-41. It was the second conference win for the Knights against five losses.

Splitting scoring honors in their seventh victory of the season was Ron Yunker with 14, Dan Lajcin 13, and Kurt Fredin getting 12.

The win Friday ended the first half of conference play for the L/Ws with an unimpressive 2-5 record after a slow start. Their five wins over non-conference foes makes their season record 7-5 which enables them to hold their heads up as they ready for the second half skirmish.

Don't look now but the first foe in the second round is none other than those high flying Eagles from Orland Park. The

Knights bus there tomorrow night (Friday) to take on the league leaders who have yet to lose a conference game. Sandburgs season record of 12 wins and only three losses, all in tournament play, indicates the caliber of opposition Coach Bill Edwards' team will be up against. Lance Roberts, Sandburg's 6-4 nifty is currently leading the scorers in the conference and when stopped from the floor sinks free throws like doughnuts in coffee.

At a meeting of the Frankfort grade school board Monday night Supt. Leroy Wright quoted the architect for the new addition now under construction as saying that he expects the building would be substantially completed by May 1. Mr. Wright said he had a letter from the architect, William J. Scheidmantel to the effect that one room would be ready by April 1 and he believed the project would be "substantially completed" by May 1.
